

Social acceptance of innovation in the energy sector

Awareness Session

May 18th 2018
Sevilla

Venue:

Hotel Ribera de Triana
Plaza de Chapina, S/N, 41010 Sevilla (SPAIN)

Registration link: <https://goo.gl/forms/2vH5PKIW9aLVLzK2>

Purpose

An «Awareness session» will take place in the framework of the European Cooperation Network on Energy Transition in Electricity, TR@NSENER project. This Conference is organised by Corporación Tecnológica de Andalucía (CTA) with the collaboration of the TR@NSENER Consortium.

The aim of this conference is to discuss on the changes that should take place at different levels (companies, society, etc.) to foster innovation and entrepreneurship in the energy sector. Different stakeholders from the academia, private companies and public entities will address current challenges and also share their views on these issues.
