GALACTICA project is looking for experts in the textile sector to evaluate the 2nd call for proposals

Participate until February 16th.

The European project GALACTICA has opened a **call for experts** with experience in the **textile** sector, to evaluate the proposals presented in its second call, which will open on January 18th, 2022.

The GALACTICA project aims to support the creation of new value chains in the textile and aerospace industry based on advanced manufacturing to accelerate growth and employment in the EU through the development of competitive goods and services that require

combining different skills and innovative solutions.

Who can participate?

The experts must come from any of the 27 EU countries or UK and have experience in assessment or entrepreneurship in the textile and/or advanced manufacturing / ICT sector.

Additionally, assessment work is conducted entirely in English, so experts must be able to communicate and write effectively in this language.

Steps to submit an application

Register and submit your application here: calls.galacticaproject.eu [<https://calls.galacticaproject.eu/>]. Immediately after the submission, you will receive an email confirmation.

The call is open **until February 16th at 5:00 pm.**

If you are accepted as an external expert, you will receive an email from the GALACTICA consortium at the end of February 2022 to confirm your availability during the evaluation period (April 2022).
