

SuperBio

Download image

Co-funded by the Horizon 2020 programme of the European Union

involved a total of 10 partners from 6 European countries. CTA represented Spain and there were SMEs and other bodies from Belgium (BBEPP and Biotechs), Poland (PTPB), France (TWB), the United Kingdom (NNFCC and GJE) and Germany (NOVA and BCNP).

The project aims to consolidate at least **10 new multi-sector and multinational European bio-economy value chains** and assist at least 30 SMEs which are not actually project partners by providing support services for innovation valued at €1.8M.
